

Neurotechnology AIMday

Thursday 26th March 2020

Blavatnik School of Government, University of Oxford

FREE registration via: <https://aimday.se/neurotechnology-oxford-2020/>

Closing date: 6th March 2020

What are AIMdays?

- AIMdays provide a platform for companies to host roundtable discussions with a group of academics with common interests
- Industry sets the agenda and topics for discussion
- Academics from across multiple disciplines sign up to participate in the discussions

What's in it for me?

- Meet potential industrial collaborators
- Discover how your knowledge can be used to solve industry challenges
- Network with industry and make new contacts
- Follow-up support for any clear collaborative opportunities

How does it work?

Step 1: Companies submit a question/s around the theme of the day

Step 2: Researchers from Oxford sign up to answer one or more of the questions

Step 3: One question, one hour for discussion, one group of experts
